In the event it becomes necessary for a location to temporarily close students will be notified using a notification software/system. Zenith will communicate site closures, delayed start, and early close. Campus leadership may also send notices about special events and other general reach out messages to communicate with students. The system will send notice via landline, cell phone—audio and text, and email. All students are required to keep their contact information current in CampusVue at all times in order to be reached with these important messages.
